TOWN COUNCIL HOLDS MEETING

COUNCIL HAS NOT CHANGED ATTITUDE OF OPPOSITION TO STAUFFER PETITION.

The "ghost that would not down" was in evidence again last Monday evening at the board of Town Trustees, when upon the urgent request of the Board of Trade and citizens generally another chance was given the board to change their decision in regard to the much voted upon proposition for a spur track upon Chestnut street, and the result was the same as at the previous meetings. Messrs. Thorpe and Behrens of the Board of Trade stated that they had interviewed the Stauffer Chemical Company and were informed that if the town granted them a permit to build the required track, they would proceed at once to install a soda ash plant at this place, but that it was now too late to expect them to carry out the rest of their enterprise which would go to other places, San Mateo securing the salt works and Dumbarton Point being the intended location of the vacuum salt pans.

Mr Thorpe called attention to the growing interest taken in North Palo Alto and the efforts being made by the promoters of that new location to acquire as many industrial enterprises as possible so as to make it the great manufacturing town of the bay, and where the railroad was allowed to put its tracks and where wharves were to be built for the accommodation of such industries as would locate there. He also showed that others besides the Stauffer Chemical Company desired accommodations here but until a a more liberal feeling was shown by the trustees every industry is barred from our neighborhood. Money has been spent in advertising that has been thrown away by the refusal of the board of trustees to allow the very thing that had been asked for.

Mr. Behrens spoke corroboratively of Mr Thorpe and showed by an envelope that Sunnyvale which has only been in existance for a few years, has gained 75 per cent in population during the past year.

Chairman Havey expressed himself forcibly against allowing a permit, and stated that until the company agreed to macadamize the streets from curb to curb he would vote against the permit.

Upon Mr. Havey making this statement Mr. Thorpe requested Messrs Hynding and Luscher, the other members of the board to make a motion for the granting of the permit. This was done by Hynding and seconded by Luscher, who voted aye while Havey stayed by his guns and voted no. As a vote of three is required as a majority of the board, the chairman declared the motion lost.

A communication was received from Surveyor Neuman estimating the cost of macadamizing Chestnut street from the railroad to Stambaugh street, exclusive of nine feet in the center, at $1870. The communication was accepted and filed.

W. F. Toothaker from Garratt and Company of San Francisco, presented an estimate of the value of the machinery now the property of the town at the water works at $2190.

The Frank Tanning Company, through its manager, H Steinberger, informed the board that it is willing to buy the compressor at the water works and City Attorney Kincaid was notified to prepare resolutions for the sale of same,and present them at the next meeting. The machine is valued at $250.

Attorney Kincaid was requested to prepare an ordinance establishing uniform widths for sidewalks on streets off from the main thoroughfares of the town; which would be presented at the next meeting.

The board of trade was requested to act in conjunction with the board of trustees for the immediate improvement of the water supply of the town and Mr. Thorpe for the board of trade said that he had no doubt the organization would be pleased to assist the town board in any way that would benefit the town. The various suggestions toward purchasing a reservoir site, new tank frame, etc, would be taken under advisement and the best interests of the town conserved.

C. G. Landscheit, for the Redwood City Realty Co., presented elaborate maps of the sewers and connections that will be installed by the Realty Company on the routes granted by the board at a previous meeting. The maps were accepted and filed.

On Mr. Hynding's motion the Realty Company was allowed to connect with the sewer that runs to the outlet.

As he desired to take a trip to the eastern states, Mr. Hynding requested a leave of absence for four months which on motion of Luscher was granted.

The schoolhouse lane being reported in bad condition the street superintendent was instructed to repair it.

Board adjourned to June 17th.

Why Green "Resigned."

Everett I. Woodman of Sacramento, has assumed charge of the South San Francisco Enterprise. In company with Donald Green, the retiring editor and manager, he visited this city last Tuesday. Mr. Woodman is an up-to date newspaper man, having been connected with the leading papers of the Sacramento valley for years as foreman and writer. For a number of years he was organizer for the International Typographical Union. He was also a candidate for state printer. The statement in the Democrat that Mr. Green resigned on account of trouble with the typograpical union is misleading. Mr. Green was requested to step down and out by the directors. He seemed to be in sympathy with the Rev. Mr. Craig, who went out of his way in his memorial day address in referring to members of the Board of Supervisors as a bunch of grafters.

Allegations Are Untrue.

The Rev. Robert Craig, in his address on Decoration Day at South San Francisco went out of his way to take a slap at the Board of Supervisors. He made charges that are wholly untrue and entirely without foundation. His malicious attack was uncalled for and should not be injected into memorial-day addresses. The members of the board are gentlemen, and should be free from the attacks of an erratic clergyman.

An Awful Shock.

The deputy stage manager at the Theatre Royal, Dublin, at one time was a little man named Linders, who had a strange dislike of the ladies of the ballet and treated them rather harshly. He wore a wig, but the fact was not generally known. On one occasion, however, an enraged coryphee seized him by the hair, and off came the wig, exposing a shiny expanse of cranium. He, at once dashed off to complain to Mrs. Harris, the manager's wife, but the good lady could only gasp in stupefied tones, "Good gracious, Mr. Linders, why, you are bald!" To which Linders instantly replied: "No, madam, no. My hair became loose with horror!"

I am not certain whether a fall I met with some seven years ago was the primary cause of my backache or not, but I noticed from then on I was subject to attacks. Knowing that my kidneys were either sluggish or over excited it struck me if Doan's Kidney Pills were for those organs alone they might help me to tide over a rather severe attack of backache, and I took them.
